# FORENSICADVANTAGE\*

# FA OnScene

Powered by AccuraCSI

FA OnScene allows you to gather all crime scene information in one place while you're in the field making it simple to finalize the report when you return to your office.

### Use It How You Need

- Alone on your PC or Mobile device
- As a team on the scene with hot-spotconnected PCs and Mobile devices
- Through a web interface
- Offline and sync up when a connection is available
- Managing large complex forensic searches
- Smaller and more general searches

#### Voice to Text

Use the voice-to-text feature to speed up your ability to document evidence during the collection process of the investigation.
